DETAILED ACTION

Election/Restrictions

1. Claims 12-13, 19-22 and 24-25 are directed to an allowable method. Pursuant to the procedures set forth in the Official Gazette notice dated March 26, 1996 (1184 O.G. 86), claims 14-18 are previously withdrawn from consideration as a result of a restriction requirement, are now subject to being rejoined. Claims 14-18 are hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Since all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, the restriction requirement made in the Office action mailed on 3/24/04 is hereby withdrawn.

Reason's for Allowance

2. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach or fairly suggest a method for producing a circuit unit comprising an insulating carrier substrate on which a conductive coil is located, and an integrated circuit whose connection points are electrically connected with the coil ends directly or via contacts, comprising the following steps: applying a coil section with at least one turn to the substrate, covering at least the area of the applied coil section with an insulating layer containing at least one opening through which at least one of the covered turns of the coil section is accessible, applying to the insulating layer a further coil section with at least one turn which is electrically connected with the previously covered coil section through the at least one opening, the electric connection being produced by the coil material of the further coil section, ÷ electrically connecting the connection points of the integrated circuit, or the contacts of a module

containing the integrated circuit, with One end of the coil section located directly on the insulating substrate, on the one hand, and with one end of the last applied coil section, on the other hand.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
